

MATCHING MODELS

beautiful talented people

Beautiful talented people

Matching Models is an expanding International agency that provides high-profile clients with beautiful, talented models for short- and long-term assignments around the world. We match looks and skills, assigning educated professional models from an array of backgrounds: hostesses & hosts, TV presenters, PAs, bartenders, flight attendants, pilots, entertainers and promotional staff to name just a few. Our fields of operation include hospitality and trade shows, sports and catering.

Our database lists over 2,000 highly-educated models, who all speak a minimum of three languages. This makes us the ideal partner for international projects. With models based all over the world – from Monaco to China and from Canada to the Arab Emirates – we are also very cost-efficient.

From its foundation, Matching Models has set the pace in the market for beautiful crews. Superficial? Not at all. Everyone appreciates a pair of sparkling eyes and a radiant smile. And we realise that looks alone are not enough. That's why our models have beautiful minds too. They are clever, enthusiastic, multidisciplinary and multi-talented.

Our clients are multinational corporations and cutting-edge brands like:
Louis Vuitton, Total, Mercedes, Heineken, U2, Lotus Renault F1 Team, Clinton Foundation, MTV and Moët & Chandon.

Our models can be seen at the following events:
Basel Jewellery Fair, Cannes Film Festival, Fashion Week London, F1, Cannes MIPCOM, Barcelona Mobil Congress, L.A Solar Exhibition and the Geneva Car Show.
